REG ENG/ARE

04 OCT 2005

COMNAVREG MIDLANT INSTRUCTION 11300.1 CHANGE TRANSMITTAL 1

From: Commander, Navy Region, Mid-Atlantic

Subj: EXCAVATION AND MARKING OF SUB-SURFACE UTILITIES

1. Purpose. To publish pen and ink changes.
2. Action. Make the following pen and ink changes:
 - a. Delete the word "milling" from paragraph 3a.
 - b. Delete existing paragraph 5b, section (2), and replace with, "Maintain an active account with Miss Utility of Virginia. However, multiple Utility Operators may share a common Miss Utility account to satisfy this requirement. Utility Operators will receive, manage, and respond to all requests for marking of their subsurface utilities and structures within the timeframe outlined in the agreement with Miss Utility of Virginia."
 - c. Delete existing paragraph 5e, and replace with, "Each station PWO shall be designated a Utility Operator for the purposes of providing oversight in identifying systems not owned by a specific government organization or third-party contractor (storm sewers, for instance). PWOs shall actively monitor ongoing excavations on their installation(s) through site visits and liaison with ROICC and Miss Utilities of Virginia."
 - d. Add the following to paragraph 6, "Any subsurface damage sustained while digging at an installation will be properly reviewed by the installation ROICC office to determine liability and appropriate expense. The ROICC will immediately conduct a meeting of all required parties related to the subsurface utility hit, to include, the designated marking agent, utility owner/operator, and digging excavator, to determine fault."

S. A. TURCOTTE
